

Due to COVID regulations, it has been a difficult decision regarding how to accomplish performing quality sports physicals while maintaining social distancing. We highly recommend if you have not had your regular yearly well check with your Pediatrician this year (within a year of the date of the exam), that you go to your Pediatrician for your well check and obtain your physical at this appointment. If you do not have a pediatrician, we can set you up an appt with one of ours. We can get you in immediately. Incoming 7<sup>th</sup> and 12 grade students will need updated immunizations.

CALL **740-446-5241** to schedule a well check and/or for the FREE sports physical listed below if you are not due for a well check. We can check to see if you are within the right timeframe to obtain your well visit at no cost.

For those of you that need a sports physical and are not yet due for your wellness physical, you can choose to come to our scheduled free sports physical clinic. **We will only take 100 athletes.** You must sign up to get on the list to have your free physical at

**HOLZER JACKSON HOSPITAL**  
**JUNE 27<sup>th</sup> 8-11 am**
